

# Implementation of an Electronic Pre-Arrival Customs Clearance System in Montenegro and in Serbia

MONTENEGRO: PROJECT COMPLETED IN JULY 2018 | SERBIA: PROJECT IN PROGRESS

## THE CHALLENGE

High import-volume causes delays at the border, increasing trade costs for local and global traders.

## THE PROJECT OBJECTIVE

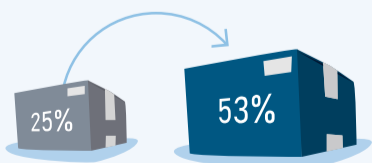

Increase the number of expedited shipments released by customs within one hour of arrival.

## THE WTO TRADE FACILITATION AGREEMENT

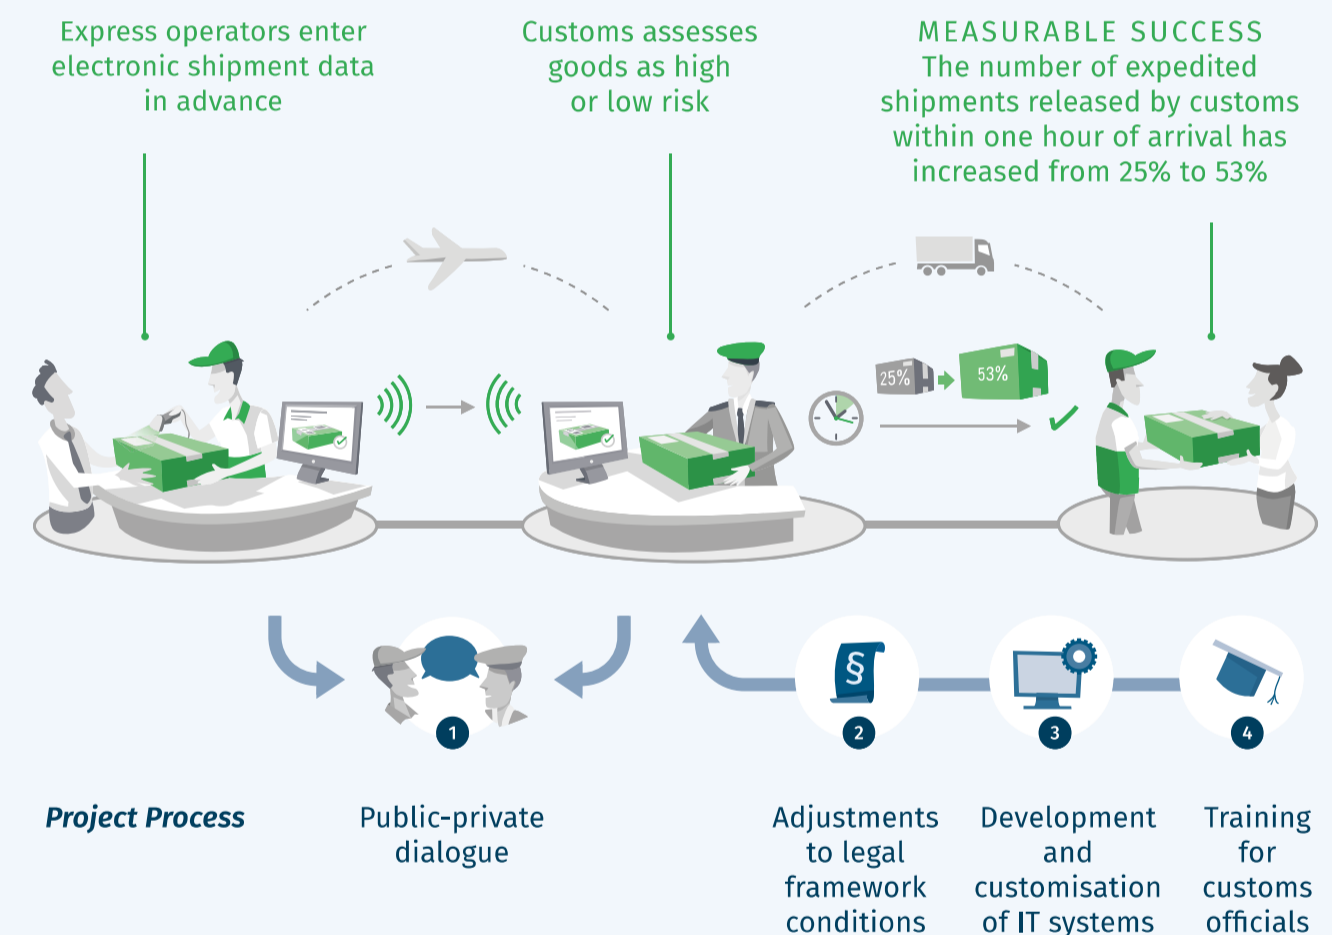

Article 7.1. Pre-arrival Processing

## YOUR BENEFIT

Twice as many express goods now being processed within one hour after arrival.

## OUR SOLUTION

## THE PARTNERS

- Customs and other authorities in Montenegro and Serbia
- National Trade Facilitation Committees
- DHL Express and local associations in the express industry
