

Modernizing and simplifying trade and customs documents in Ukraine

PROJECT IN PREPARATION

THE CHALLENGE

Ukrainian trade-flows are impeded by high administrative hurdles with customs documents (partially) from post-Soviet times.

THE PROJECT OBJECTIVE

Minimizing the incidence and complexity of import, export, and transit formalities by simplifying documentation requirements.

THE WTO TRADE FACILITATION AGREEMENT

Article 10.1.: Reduce and simplify the complexity of import, export and transit formalities.

OUR SOLUTION

Harmonizing documents and processes with EU standards and support Ukrainian public authorities to integrate them into their customs processes.

YOUR BENEFIT

Reduced documentation outlay for traders and operators.
